

TrackerPro Announces Preferred Vendor Initiative with Abstracters' Information Service (AIS)

Melville, NY – April 22, 2016 – **TrackerPro**, the industry leader for title insurance software, is pleased to announce its new partnership with Abstracters' Information Service (AIS), which will enable streamlined digital delivery of AIS products through the **TrackerPro** software.

TrackerPro's agency customers, who perform title searches in New York, are now equipped to automatically order and receive title, tax searches and municipal reports directly from AIS. This integration streamlines the title search processes for **TrackerPro** users—ultimately improving their go-to-market efficiencies.

“Our alliance enables our mutual clients to vastly improve their service, quality and efficiency through automation and simplification of the entire production process,” said Chuck McGrath, **TrackerPro**'s founder.

The AIS-**TrackerPro** Preferred Vendor integration is available as an offering by both companies. To learn more about **TrackerPro**/AIS integration, please call Howard Finkelstein at 631-393-6999 or send an email to info@trackerprollc.com. To learn more about AIS and its suite of services, please contact Kathy Roper at 516-918-4606 or send an email to karoper@edatatrace.com.
